

NEW!

Clearshield™ Pro

PAINT PROTECTION FILM

Discover the best protection you will never see.

Solar Gard's **NEW** Clearshield Pro paint protection film (PPF) delivers the performance that today's installers demand. Clearshield Pro is a brilliant and optically clear film that does not fade or discolor. Clearshield Pro is available in several sizes including a new 152.4 cm width for complete form fitting perfection and seamless coverage for all panels and parts. If you are looking for a durable, fast installing, high performing film to impress your customers and keep them coming back vehicle after vehicle, look no further.

Solar Gard's next generation paint protection film is made with you in mind.

➔ **CLEARSHIELD PRO OFFERS:**

- Highly durable, but soft form fitting polymer material, making it easier to accurately wrap edges without a steamer
- 152.4 centimeter film width ensures that bumpers, hoods and side panels will be completely covered and seam free
- Waste-saving Blue Contrast Liner makes it easy to see die cut lines, helping to save time, material and money

Professional Protection

Clearshield Pro is a virtually invisible high grade polyurethane barrier that delivers:

- Resistant to impact from gravel, debris, stones, road salt and insects
- Color protection with advanced UV technology - think sunscreen for the vehicle
- Optically clear, brilliant glossy look to make the paint color shine
- Easy maintenance: simply clean, wash and wax the vehicle as usual
- Sacrificial technology: easily replace the durable barrier in the event of substantial damage to the film without any harm to the paint finish

Professional Protection

Clearshield Pro delivers superior protection with a 5-year limited manufacturer's warranty, that the film:

- Will remain optically clear and stay in place
- Will provide complete and seamless coverage
- Won't crack, peel, bubble or harm paint finish upon removal
- Won't turn yellow

Like sunscreen for vehicles with 99% UV protection, Clearshield Pro provides the best professional grade protection you will never see.
