

# Avery Dennison Colour Matching Service

With the Avery Dennison Colour Matching Service, your imagination is the only limit to the colours you can explore.

We can match perfectly almost any colour you need, for any global or regional project, and send you a matched sample of Avery Dennison film, aligned with your project planning\*.

## THREE STEPS TO AN AMAZING COLOUR MATCH

- > Get in touch with your local Avery Dennison sales representative for all the colour matching support you need.
- > Provide us with a PMS/RAL code, or an example of the colour you wish to match.
- > We will match your colour and send you a sample of matched Avery Dennison film. Once you have approved the sample, you'll receive your order in the shortest possible time.

\* Following receipt of PMS/RAL code or sample material for matching.

The Avery Dennison Colour Matching Service is a worldwide programme. We are therefore able to manage both your global projects, across a number of different countries or regions, as well as regional projects that require local Avery Dennison support.

Minimum order quantities for colour matches differ by product range. See below for specific information, or contact us directly with a specific request, or for any Avery Dennison project support you may require.

## EUROPE

| Product  | Standard Width | Roll Length | Minimum Order Quantity (Rolls) | Lead time to produce order | Lead time to match the sample (excl. delivery) |
|--|----------------|-------------|--------------------------------|----------------------------|--|
| Avery Dennison 900 SC  | 1.23m          | 50m         | 1                              | 10 days                    | 2 days   |
